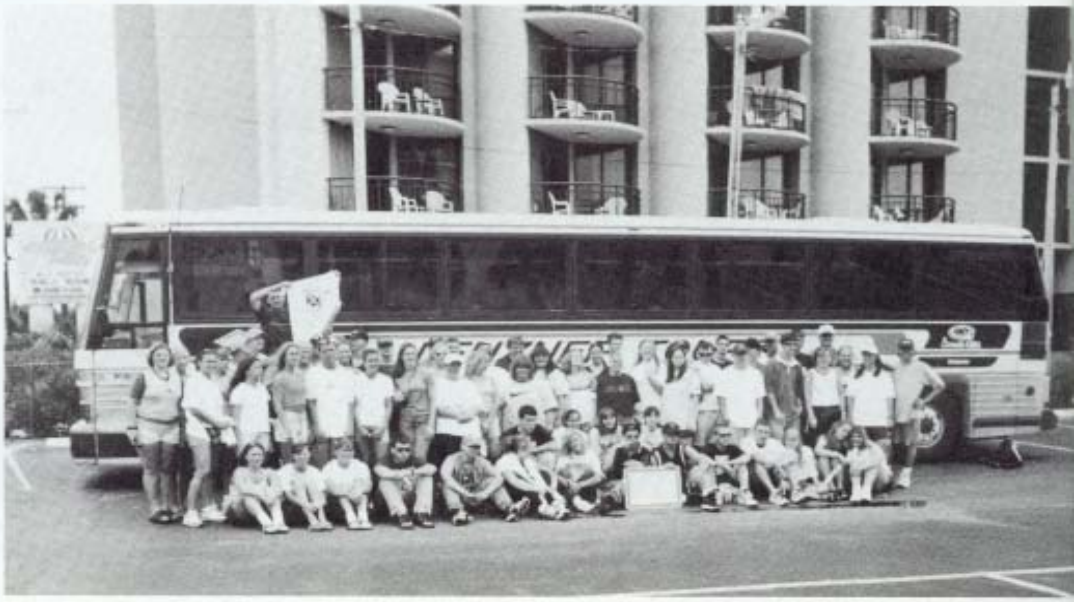
The Carmichaels Area Class Of 1998
"Some people come into our lives and quickly go. Some people stay and leave footprints on our hearts. And we are never, ever the same!"

After spending a week together we all learned what friends we have within our graduating class. Memories were made and memories were remembered. There is not doubt, this trip will forever leave footprints on our hearts!



Below: John shows us the meaning of "lounging" on the beach!

Right: Chrissy and Joe having a great time on the trip together.

Above: Mr. Harr, Mr. Batis, and Mr. Bandish show their wild sides!

Right: Chris reminisces about "The Freaky Tiki".

1998 Senior Class Trip

The Senior Class spent their Senior trip in Myrtle Beach, South Carolina. The trip lasted from May 3 to May 8. The seniors stayed ocean-front at the Surf Rider Hotel. There were various activities for them to participate in, such as Hard Rock Cafe, Yesterdays Nite Club, and Broadway On The Beach. There were also plenty of opportunities to catch a wave and bake in the sun!

Left: Natalie, Megan, & Katie taking a rest on the beach. Left below: A group of senior girls after shopping at Broadway On the Beach.

Below: One of the many "wave battles" during the week.

Left: With the Surf Rider behind them, a group of seniors pose for a picture.

Above: Katie, Loni, and Sara continue to have fun, even on the long ride home!

You never realize what you have until it is gone . . . A statement that shall hold true, especially on this occasion. On this day The Class of 1998 realized that their lives were ending in one area but starting anew in another. We were leaving each other and the life we were so use to leading and entering into a brand new world where we will learn what the "real world" really is. It was a time of joy and a time of sorrow. It was one of the most important days of our lives and it shall forever be a part of the life we established at Carmichaels Area Jr. Sr. High.

Salutatorian for the Class of 1998: Jennifer Michelle Bukowski.

The Class of 1998 Valedictorian: Natalie M. Ream.

What is the one thing from your jr. sr. high school years that you will always remember?

I'll always remember the teachers and my friends I've made at Carmichaels. . . . Anthony Butcher 12

I will always remember the memories shared with my friends in classes over the years. I now know that with confidence I can achieve my goals if I try hard enough.
. . . Denise Dillow 12

I will never forget how silly we acted during lunch and in the halls.
. . . Susi Hamilton 12

In 7th grade, Ryan White, Loni Minder, and I would sit in the back of Mr. McCombs' class and try to get our gum to stick to the ceiling.
. . . Martha Lawrence 12

The one thing that my high school years have given me is the time to have met and become closer to my friends, the members of "The Pound." Our friendship is unique, and I hope it will last a lifetime. . . . Danielle Shaffer12

I'll always have my memories from my high school years. The memories of friends, teachers, the fun I've had and the things I have learned.
. . . Bernadette Begovich 11

Somethings that I will always remember from High School are winning the W.P.I.A.L. Championship in softball, cheering for football and basketball games, and dressing for Spirit Week.
. . . Nikki Gasti 11

I am grateful for the opportunity to meet great friends and recieve friendships that will last a lifetime.
. . . Tina Husenits 11

I will always remember the education. I know that without it I would not be where I am today.
. . . Rebecca Madlock 11

Hanging out with my friends throughout all the good and bad times for the past three years has been a pleasure.
. . . Laura Sapp 11

I am grateful for the opportunity I had to meet new friends.
. . . Amanda Weishner 11

The thing that I will always remember is Art class last year. My closest friends were in there and we had a ball.
. . . Meghann Burrie 10

In my jr. sr. high school years I have gotten blamed for things I didn't do, because of the friends I chose to associate myself with.
. . . Herb Smitley 10

Dances, basketball games, and newfound responsibility filled my jr. high career. I had to decide whether my homework was more important than the latest episode of "Seinfeld." Sports became more competetive, and I found myself in a posistion where my decisions would affect more than just myself. Jr high, although only the first step, has definitley given me a sense of direction.
. . . T.J. Johnson 9

The most memorable moment during my highschool years would have to be when I met my best friend, Miranda Knestrick, who has been there for me during good times and bad. She is the friend with whom I share all my secrets.
. . . Tiffany Mattei 9

Jr. High has taught me to be my own person. To make my own friends, and not to care so much about what everyone else thinks.
. . . Carrie Neligh 9

My jr. high years have given me the strength to stay in school and learn how to become the things I've always wanted to be.
. . . Starla McCreery 8

The best part of my high school experience was helping the 97 Jr. Mikes to finish 6-0 and become section champs.
. . . Terry Ross 8

In coming to a new school and entering jr. high, everyone made me feel very welcome. Many new friends made my first year a much easier one than expected.
. . . Gina Capitoni 7

The thing that I will always remember is how my friends and I had such great times this year.
. . . Michelle Kelly 7

Yearbook Staff

From the Editor . . .
Many hours of hard work have been placed into the creation of this book, and I would like to thank the staff and Mr. Smell for all their dedication. We have tried to make this book a collection of events, pictures, and stories. High school is a time of excitement and growth. Our special times here have taught us many lessons. My most important one is that memories are a precious gift. Thanks to all of my friends who have given me so many.
